27 January 2015

Dear Gap Football Club Management Committee

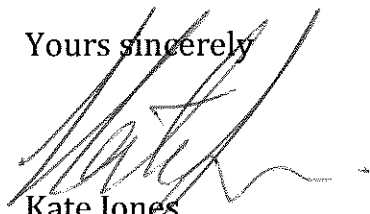

I am pleased to advise that a state Labor Government will deliver \$400,000 towards major upgrades to the clubhouse and sporting fields.

From my ongoing discussions with club representatives it is clear that the current facilities are inadequate for the projected growth of the club's membership and future direction of the club.

With more than 1,000 members the club plays an important role in promoting health and wellbeing for many people in our local community.

I look forward to working with the club in the future.

Yours sincerely

Kate Jones  
Labor Candidate for Ashgrove
